

# 고어헤드선교회 - Goahead Mission- Nepal

## Update Month June of 2024

Dear Beloved Prayer Partners,

Greetings in the name of our Lord Jesus Christ.

I am pleased to provide an update on the progress of the various projects initiated by [Rev. Dr. Sang Cho Rey, President of GOAHEAD MISSION INC.](#) in Nepal. These projects, which began some time ago, have been growing steadily and have made significant impacts on the communities they serve. Here are the key projects currently underway:

- 1. Feeding Project:** This initiative aims to provide nutritious meals to children in need. Every day, we are able to feed numerous children, ensuring they receive the sustenance necessary for their physical and mental development.
- 2. Education Project:** Education is a cornerstone of our mission. Through this project, we offer educational support to children who otherwise would not have access to quality education. This includes providing school supplies, uniforms, and covering tuition fees.
- 3. Self-Support Project:** Empowering families to become self-sufficient is another critical aspect of our work. This project provides training and resources for families to start small businesses, enabling them to generate their own income and support themselves.
- 4. Church Planting:** Spreading the gospel and establishing new churches is at the heart of our mission. Through our church planting efforts, we are able to reach unreached people groups in Nepal, sharing the love of God and bringing the Kingdom of God closer to the people.

**GOAHEAD MISSION INC.** is committed to social work as a means to reach the unreached with the gospel. By showing the love of God through practical support and community development, we are able to build relationships and share the message of Christ effectively. Our goal is to see each family not only come to know the love of God but also to become self-sufficient and empowered to support themselves.

Thank you for your continued prayers and support. Your partnership in prayer is vital to the success of these projects and the advancement of God's Kingdom in Nepal.

In Christ,

GOAHEAD MISSION Nepal
